"We are a ProDermalin® Pure Basics Face household! The Gentle Cleanser and Calming Moisturizer is perfect for my whole family. It's a skincare product that I have faith in allowing my 8 year-old son and my 13 year-old daughter to use without the concern of drying out their skin or causing a painful or drying reaction. My own skin feels so soft and is not red or splotchy (I too have sensitive skin). We now have a product that I don't have to worry about someone else in the family using by accident. There's no more stinging eyes or burning skin! It's a great product for my family's sensitive skin issues - we all use and love it! Kid safe - and mom is happy!" — **Jennifer M., MD**
